Dear Members and Students,

The IX National Mid Term CME 2018 of Indian Association of Geriatric Mental Health is being organized by the Department of Geriatric Mental Health, Lucknow on **16th - 17th March 2018** on ***Lifestyle Disorders and Geriatric Mental Health***, as there is a strong interaction between lifestyle and physical and/or psychiatric illness in older adults..

We intend to make this event environmental friendly and keeping this in mind we intend to keep the printed material to minimum. The website for the CME is www.iagmh.org/cme where details regarding online registration and payment, along with the schedule will be posted and updated regularly. The communications will be sent to the email address in the Society's directory as well as through the various Whatsapp groups.

The CME programme is being designed to enhance active learning of the participants (and the organizing committee). Hence, each lecture will be followed by a research oriented workshop on the topic, and conducted by research experts from Indian Council of Medical Research..

Your presence will be highly appreciated. We are sure that the IX National Mid Term CME is going to be fruitful in enriching all the academic and clinical proficiencies of the participants.

Dr. Shrikant Srivastava
(Org. Secretary)

Dr. S.C. Tiwari
(Org. Chairman)

Dr. G. Prasad Rao
